Foundations of IAEGlocal

- **Dignified Livelihood Solutions #DLS** - Food – Shelter – Education – Healthcare – Work for survival and maintenance of self, family & society
- **Entrepreneurship #EShip** – This entails a desire, an aspiration with ambition to do something different. E-Ship is more a “Trait” than only a “Trade”
- **Employability #EAbility** – Learned & Experienced but not Employable as a contributor to the sustenance and growth of self, family & society
- **Wealth Creation Opportunities #WCO** – Little bit of additional time, capital & knowledge after DLS to utilize resources for wealth creation beyond the consumption of own needs [not greed]

Nurturing IDEAs

Current Paradigm
[Most Certain Is Uncertain]

Entrepreneurship & Employability

Be A Brand

- Any one as an entrepreneur of any level and stature becomes a brand in himself/herself than creating a product or service brand under a business entity and selling the same to the consumer or customer

Build A Brand

- All human beings have to become employable with certain skill sets to earn their livelihoods
- In this case as an employee...the person helps the employer to Build A Brand by rendering his/her services to the enterprise
